Hi Vick,

Per Kathy's email below, are you getting all the support you need from ORD? Is there enough know about the toxicity or could you use some additional support in that area?

Ron

Thanks, Ron -- ATSDR/CDC has really had the lead on this. Also, I think that Water has been working with ORD in Cinc to make sure we were comfortable with ATSDR's recommendations -- Vickie Binetti would know that.

Hi Kathy,

MCHM?? - On the news they said there may not be much information on toxic effects, especially chronic, of this chemical. Does the Region need any help in their support of the state? Not sure what ORD might have to offer, but was thinking of the computational toxicology program that sometime helps on emerging chemicals if there isn't much in the literature. Just a thought! Let me know if there is no need.

Thanks

Ron

Subject: WV Spill: Region 3 Contacts for Information

Please refer all outside contacts for information regarding the spill to the following Region 3 employees, as indicated. We are doing our best to ensure that we are providing the most up to date, accurate information to all parties. Some of the requests that we have received do not have easy answers and require coordination among a number of offices. The people below will ensure that our responses are coordinated appropriately. Please let me know if you have questions. Thanks,
Kathy

| Requestor | Region 3 Contact | Contact Phone Number: |
|---|---|-----------------------|
| Rep of Congress/Committees; State/Local Government Official | Linda Miller, Office of State and Congressional Relations | 215/814-2068 |
| Local Resident | Trish Taylor, Community Involvement Coordinator | 215/814-5539 |
| Press | Bonnie Smith, Press Officer | 215/814-5543 |
| All Others | Karen Melvin, HSCD | 215/814-3275 |
